WORLD TOUR  
2018

# SURVOL DES NOUVEAUTÉS DE FME SERVER 2018

Alexandre Bizien · David Guignard

## Programme

Visite guidée de FME Server 2018 :

- Démonos
- Nouvelles fonctionnalités

An aerial photograph of a tropical beach. The water is a vibrant turquoise color, transitioning to a deeper blue further out. White waves are breaking along the shoreline, creating a frothy white foam. The sand is a light, golden-brown color. In the bottom right corner, there are some green trees and a paved area, possibly a parking lot or a walkway.

**Poussez l'automatisation plus loin !**

**FME Server est ce dont vous avez besoin**
